

HONORING HEROES

WITH HOMES

VETERAN OUTREACH PROGRAM

**OPERATION
FINALLY HOME**

WHO DOES OPERATION FINALLY HOME HELP?

Operation FINALLY HOME provides custom-built, mortgage-free homes to wounded, ill and injured veterans and the widows of the fallen from all branches of the military and all military campaigns. Applicants are considered case-by-case and those considered to receive a home should meet the following criteria.

- Combat related injuries rated 70% or more by DoD &/or VA
- Received an honorable discharge
- Clear criminal background check
- Acceptable credit rating
- Demonstrated financial need.

Note: Should a potential applicant own a home, an explanation is needed as to why they should receive a new home. In addition, prior to being awarded a home, it must be sold with proceeds donated to Operation FINALLY HOME to help cover the construction costs of the new home.

- Demonstrated ability to accept responsibilities of home ownership; suitability determined through application process.
- Demonstrated ability to take on financial responsibilities of home ownership which include, but are not limited to, property taxes, homeowners insurance, utility bills, maintenance, homeowners association dues where applicable and moving expenses.

WHERE ARE THE HOMES LOCATED?

At Operation FINALLY HOME, we have over 200 projects in more than 30 states that have been completed or in various stages of planning - and we continue to grow. In 2017, we plan to build 30 homes with the goal of building 100 homes annually across the United States.

Operation FINALLY HOME develops partnerships with developers, builders, suppliers, and tradesmen to do what they do best: build homes. Once a builder is committed, the Operation FINALLY HOME family selection team searches for the best candidates for that area. Our nationwide organization is unique as our process starts with the builder. We provide homes where the builder has resources.

APPLICATION PROCESS

The application process requires an investment of time. And, demonstrating home ownership suitability partially depends on your accuracy and timeliness.

To start the process, complete and email the Initial Contact Form located at www.OperationFINALLYHOME.org/contact along with the list of required documents to contact@OperationFINALLYHOME.org. Or, you can mail the Initial Contact Form and required documents to:

Operation FINALLY HOME

Attn: Family Matters Team
1659 State Highway 46 West, Suite 115-606
New Braunfels, Texas 78132

If you have questions while filling out your Initial Contact form, please email contact@OperationFINALLYHOME.org

Please note there are no waivers of the required documents as each one is necessary to conduct the initial screening.

After the Initial Contact Form and required documents are submitted by the veteran or care giver, an Operation FINALLY HOME case manager determines if you are qualified to receive a full application for the

next level of consideration. This in-depth application includes background and credit checks, contacting your former chain of command, and face-to-face interviews.

The selection of candidates is a detailed process by design. Reviewing applications may take up to six months before the builder receives a list of qualified veterans. After the builder selects a veteran, it can take 6-18 months to complete the home. Each project is unique. There are no short cuts in building a quality home.

Our homes are provided to veterans 100% mortgage-free as we feel that the price has already been paid through the service and selfless sacrifice to our country. Once these veterans and their families cross the thresholds of the front doors to these homes, they own them with a requirement to live in them for seven years.

The provision of these homes is a way for everyday Americans to honor those who have served with a gift of a mortgage-free home and to remove the financial burden so the veteran and their family can focus on their physical, emotional and spiritual well-being.

Operation FINALLY HOME is a national nonprofit organization that addresses one of the most pressing needs of our returning troops—a home to call their own. Our mission is to provide custom-built, mortgage-free homes to wounded, ill and injured veterans, the widows of the fallen and their families, creating a solid foundation for them to move forward with their lives.

The most important part of any project that we undertake is the people we help. This is especially true when these veterans have risked their lives, and in many cases had their lives forever changed, in defense of our country.

The veteran selection process begins when a builder is found who is willing to build a home in a particular region. Initially, we try to find veterans in the region where the home will be built, but other veterans are considered if they are willing and able to move.
